Receipt for United States Bond.
from John Day Smith.

Agreement of John Day Smith and Town of Litchfield.
At a lawful meeting on March 3rd, 1924 at the
Town House in the Town of Litchfield, Kennebec
County, Maine, the inhabitants, qualified
by law to vote in Town affairs, voted and
ratified Article 29 in its warrant, which
reads as follows: -

"Art 29. To see if the Town will approve
and receive from John Day Smith, a
native of Litchfield, the sum of one
thousand dollars to be safely invested
and kept intact forever and the
income thereof to be used in maintain-
ing a fence around the old Grant
Cemetery in what was formerly called
School District No. 5, and caring for
the ground therein".

Now in behalf of said Town, we the
Selectmen and Assessors, Town Treasurer
and Town Clerk acknowledge having
received from John Day Smith of
Minneapolis, Minnesota, a United States
Registered Bond (Optional 1947, maturing
1952) par value \$1000, which we have
requested in lieu of cash. Said Bond
designated D 000 188 / 4 bearing interest 4 1/2%.
We hereby pledge the Town of Litchfield to
carry out the provisions of said Article 29,
creating a Trust Fund for maintaining
and caring for the said Grant Cemetery.

Selectmen	Benjamin R. Small.
and	Albert H. Rathburn.
Assessors	Francis E. Lane.
Town Treasurer	Roland T. True.
Town Clerk	Florence Libby.

Litchfield, Maine.
Date May 5. 1924.

Suggestions & Provisions of Bond

First - I desire to have destroyed, the rank growth of bushes which may have sprung up in the cemetery.

Second - I would like to have especially, the following named lots cared for. My father's lot - Edward G. Smith, My grand father's lots - John Smith and Thomas Lord and my great grandfather's lot - James Lord. I do not mean by this that others lots are not to be cared for.

Third - When the present wooden fence shall no longer serve its purpose, I desire that there may have been accumulated sufficient funds to erect an iron fence around the cemetery.

John Day Smith.

This image shows a page from a ledger or account book, numbered 269 in the top right corner. The page is filled with a grid of lines forming a table structure. The table has approximately 12 columns and 30 rows. The first three columns are significantly wider than the remaining nine columns. The grid is mostly empty, with only a few faint, illegible marks scattered throughout, possibly representing handwritten entries or bleed-through from the reverse side of the page.
